

Dental Assisting Class

Washington Township Adult Education
In Partnership with Dental Career Foundation

Classes meet ten consecutive Saturdays from 8:00 a.m. to 5:00 p.m. in a modern, state-of-the-art dental office. The Dental Assisting program is currently only offered on Saturdays. Training is both classroom and hands-on. Material is presented in a variety of ways to maximize learning. A minimum of twelve On-the-Job-Training Hours in our practicing dental office are required for graduation.

The program is designed to give our students a sound foundation of chair-side Dental Assisting skills enabling them to enter the dental profession and pass the RHS exam (fee included in the class tuition).

The program is set up to ensure your success! With classroom training, hands-on practice in operatories, class discussions, written and reading assignments, quizzes and On-the-Job Training with real patients, our students experience learning in a positive environment. All of our instructors and Directors have a personal interest in the future success of our students.
